

# *Ultra Cavitation Body Sculpting*

By TBT Cosmetics

## *How Does It Work?*

'Laser Lipo' technology works with a patented cold laser conductor. Originally designed to speed up healing doctors noticed that the technology could also liquefy fat cells painlessly. In contrast to Liposuction, the non-invasive Laser Lipo does not remove the fat cell, it drains it. It is safe painless and completely non-invasive.

## *Where Does The Fat Go?*

Laser Lipo treatments result in the liquefaction of fats, the liquefied fat is then drained through lymph drainage. The effectiveness of fat drainage during and after treatment is dependent on proper functioning of the lymphatic system, which is responsible for removing wastes from their body.

## *Machine Information*

With collective strong sound wave head, unnoisetion strong sound wave of 40000HZ may be emitted to vibrate ft cells at top speed and produce numerous vacuum air pockets inside ans outside the fat cells, robustly impact fat cells to generate introverted blast and disintegrate triglyceride into glycerol and free fatty acids. Then RF waves at frequency of 1MHZ is used for exhausting the integrated glycerol and free fatty acids through hepatoenteral circulation. Finally vacuum RF and energy electrode are used for positioning and tightening fat. In physics, it is known as “cavitation”. Micropore introvertedblast inside and outside cellmay lead to enhanced molecular motion and a higher energy level and this will finally cause fat cell rupture and there achieve the effects of body building and losing weight.

Vacuum & Bipolar RF Handle with Photon Dissolve fat, lymphatic drainage, firm skin and enhance skin elasticity being integrated with the most advanced RF technology and radio frequency, the instrument may directly reach the deep-seated fat body and have the excellence of targeted positioning RF. In the fast-active state, fat cell tissue may generate friction heat, increase local temperature and remove excess fat and toxin from the body through sweat gland, enterohepatic circulation and lymph and ultimately achieve the effect of dissolving fat. With controlled depth technology, inlaid diamond particles of different sizes may rub skin along its pattern, adjust suction strength by means of vacuum draw and rub with negative pressure strong force to directly explode thick fat. Thus, the effects are very obvious: enhance blood circulation, accelerate the decomposition of fat, take away wastes, enhance the effect of removing cellulite, effectively improve the state of areolar tissue, remove stubborn fat and improve the sufficient absorption condition of diet products.

### 40K Unoisetion Cavitation 2.0

Strong unoisetion sound wave explosion fat head with collective strong sound wave head, strong sound wave of 40000HZ may be emitted to human body for impacting fat cells fiercely and causing friction motion between fat cells. This may cause effective consumption of calories and moisture in fat cells and reduce the size of fat cells. What`s more sound wave vibration may cause fierce impact of fat cells to make them be exploded instantaneously, reduce the amount of fat cells and thereby achieve the effects of removing fat.

A large pink circular graphic is positioned on the left side of the slide. It has a gold-colored border with four small white dots and the numbers 3, 4, 5, and 6 placed along it. The number 3 is significantly larger and bolder than the others. The word 'Parts' is written in a white, cursive font across the center of the pink area.

### Sextupole RF

For body and face re-shaping. Weight loss RF fat-explosion machine can promote tissue metabolism, repel the cellulite, which make fat granule in different depths and shocking make fusion energy, and the deepest receptor can get granule in 3CM thick of skin, and rapid expansion and the rapid heating of the cell wall that exceed the elastic limits and arises cells broken, so that the combustion of fatty acids at the same time broken out of a pot, not only the burning consumption of fatty acids but also more directly emptying so rapidly reduce the size of granule.

### Quadrupole RF

Facial wrinkle elimination, tightening and lifting Facial RF head capacitive coupling electrode is used for transmitting radio-wave energy and generating an electric field for entering into subcutaneous tissue through the skin surface. In high frequency of 50khz, this electric field changes its polarity for 450,000 times per second. To reply to rapid change in electrode, directions of electrical particles the skin are also changed. By this time, natural electric resistance in the tissue moves and generates heat energy. As the papillary dermis collagen may immediately shrink when the temperature is within the range from 60 to 70 celcius degree, after wrinkle treatment, client may immediately sense the skin tightening effects as it is being lifted and firmed. When collagen is produced continuously, thickness and density of the skin papillary dermis may be increased to remove wrinkles, eliminate sears, restore skin elasticity and gloss and make it be blonde and smooth. While collagen is increased, fresh skin is generated in the position of operation and wrinkles are removed by large amount of cells. In addition, when cortex without elasticity or that with thick horny layer in the area with wrinkles is separated, surrounding skin will also be renewed.

### Three Pole 3D RF Head for Face and Eyes'

Around A three Pole facial lifting is a non-surgical, non-invasive cosmetic technique that safely and effectively improves the health and appearance of the skin. A Three Pole facial lifting uses technologies developed in the medical and physiotherapy fields to activate the skin's natural chemicals responsible for health and vitality. A Three Pole facial lifting provides satisfying aesthetic results with less risk of side effects compared to traditional face lift. The A tr Three Pole facial lifting procedure is proven safe and effective, delivering results at a fraction of the cost of traditional procedures. It can removal wrinkle and tighten skin, whiten and tender skin, shrink pores, dispel black eye socket, pouch and crow's-feet, removal the yellow skin, removal face edema, removal face toxin, lifting face speed up the secrete of skin, neck care, removal neck wrinkle, tighten and whiten skin.

6

### The LED

Laser body sculpting procedure uses 635nm-650nm LED Laser that heats the fat cells in the targeted area causing them to break down. Over a short period of time the fat deposits are simply absorbed and expelled through our body's natural metabolic process. During the procedure the laser seals off minor blood vessels significantly reducing bruising and patient downtime. The introduction of heat into the treated area stimulates collagen production to give a smooth, tightened and sculptured result.

02

## Vacuum Pressure+RF

### TBT BODY SCULPTING

When the vacuum opens the gap between the cells, rf can heat up the fat at the same time, which can accelerate the blood circulation in the fat accumulative zone, then speed up burning the fat.

03

## 3D Smart RF

### TBT BODY SCULPTING

Before

After

Losing weight can reach a skin rejuvenation effect at the same time---- 3D Smart RF  
3D Smart RF can vibrate 1 million times high-frequency radio wave per second, penetrate to the epidermis layer, directly to the dermis, deeply heating the collagen cells, then stimulate the growth of collagen fibers, which makes a lot of new collagen to support the skin and become more compact and elasticity.

Professional

## Body sculpture equipment.

A must-have beauty apparatus for salon >

Skin rejuvenation

### TBT BODY SCULPTING

# Laser Treatment Price List

Brazilian Bum Lift	£49.99	10 X a week = £500
Laser on the Stomach	£59.99	10 X a week = £600
Outer Thighs	£49.99	10 X a week = £500
Arms	£39.99	10 X a week = £400
Chin	£24.99	10 X a week = £250
Inner Thighs	£39.99	10 X a week = £400
Non-Surgical Face Lift	£54.99	10 X a week = £550
Full Body	£149.99	10 X a week = £1500

Potential Weekly Profit Margins **£4340**

## *How To Purchase?*

[www.turnbacktimecosmetics.co.uk](http://www.turnbacktimecosmetics.co.uk)

This particular machine is £2999 + VAT. It comes with 12 month warranty. The popular treatment “BBL” is carried out with the ultra cavitation machine. In the beauty industry this is a growing service. Prices range from £50-£100 per area. It takes 30-40 mins per area so the profits are amazing! For more information on how to purchase this machine email [tbtcosmetics@icloud.com](mailto:tbtcosmetics@icloud.com) and one of our sales will contact you.

Credit Cards Excepted - Payment Plans Available

*Thank You*
